## Educational system

LiU uses the ECTS credit system (European Credit Transfer and Accumulation System) in which 60 credits represent the workload of one year of study. The educational system in Sweden is divided into three cycles:

- **First cycle (undergraduate/bachelor's):** 180 ECTS
- **Second cycle (graduate/master's):** 120 ECTS
- **Third cycle (postgraduate/doctoral - PhD):** 240 ECTS

## More courses in the autumn for bachelor students

We recommend bachelor students to spend the autumn semester at Linköping University, or stay for a full academic year (fall+spring). We offer more bachelor level courses (G1/G2) taught in English during autumn semester.

## Add and drop periods

At Linköping University, “add and drop” periods do not exist. Please be careful when choosing courses and verify that you have the necessary prerequisites. Also, check with your home university before finalising your course selections to make sure that you are able to transfer your credits.

## Which departments/schools are open for exchange students (courses taught in English) and at which level?

All departments at the Faculty of Science and Engineering are open for exchange students at undergraduate and graduate levels if they fulfil the course requirements.

## Is it possible to take courses from different faculties/schools?

Yes, but in practice it is difficult due to parallel schedules. Students admitted to study at the Faculty of Science and Engineering may take up to one course (7.5 ECTS credits) at another faculty.

## Course offer: Language courses

Swedish language courses:
http://www.liu.se/utbildning/exchange-students/swedish-language-courses?q=l=en

## Credits equivalent to full time studies per semester

30 ECTS

## Credits requirements

Non-EU students must apply and be admitted to at least 30 ECTS per semester as this is a requirement from the Swedish Migration Board in order to be granted a residence permit. For all other students the minimum study rate is 24 ECTS per semester.

## Grading system
